

Dear Wauconda Resident,

Waste Management will be collecting your recycling in a covered toter cart on wheels in your choice of either a 35 or 65-gallon size. These large recycling toters will allow you to co-mingle various types of recyclable material including paper, plastic, glass, and metal cans; and then they can easily be wheeled to the curb for pickup.

Please note that household hazardous waste such as pesticides, fertilizers, oil, varnishes, strippers and similar items cannot be disposed of with recycling due to contamination (see page 7 of Collection Guide for more information on how to dispose of household hazardous waste).

Once Waste Management has delivered the new toter to your home, the small green (or yellow) open top recycling bin that you currently have will no longer be used in Wauconda to collect recycling. These old bins are yours to keep. Collection trucks will use automated equipment to dump the recycling toter carts; Waste Management will no longer handle bins which require manual dumping.

The Village of Wauconda recently negotiated a contract with Waste Management for refuse and recycle service. The cost per month is \$13.60 per household which includes the recycling toter. You must choose one size or another. If you do not make a choice, Waste Management will deliver the 65 gallon size to your home. If you desire more than one toter, an additional cost of \$1.25 per toter per month will be added to your bill.

**Please fill out the information below and mail to:
Waste Management, 1411 Opus Place, Suite 400, Downers Grove, IL 60515
Attn: Customer Service, or call us at 800-796-9696 or fax us at 866-863-4834.**
